

# PREPARE TO BE AMAZED

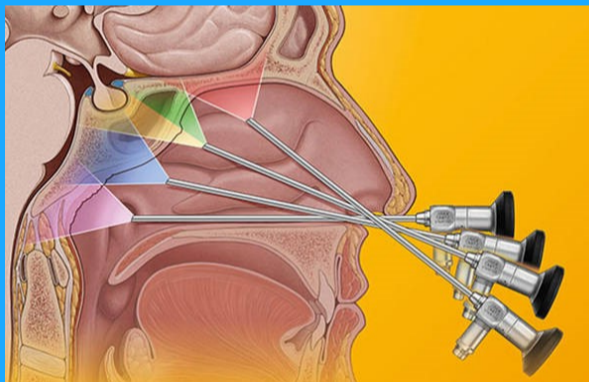

## You're invited to our Neuro

# OPEN DAY

on Saturday 2nd June 2018

**Visit** one of the neuro theatres and learn how clinicians use revolutionary equipment - such as the Leica M720/OH5 operating microscope, the ISIS Nerve monitoring system and our latest acquisition, the Storz 3D/Ultra HD Endoscope - to improve and save the lives of hundreds of patients each year.

**Tour** the Smile4Wessex Children's Neuroscience Unit and the new 'Retreat' Interactive Sensory Room, and see the 'Wall of Smiles'.

**See** and learn how Smile4Wessex funding is helping to develop a new, non-invasive method of measuring Intra Cranial Pressure, and to research novel new treatments for those who suffer a bleed on the brain.

**Learn** how our latest project, the Wessex Plasma Therapy Appeal, will be used to treat critically ill patients and to relieve the symptoms of hundreds more with individually rare, but collectively common neurological conditions.

10am - 12.30pm or 1.30pm - 4pm. Call **023 8120 8882** or email **[info@smile4wessex.org](mailto:info@smile4wessex.org)** to book your place.

## You Smile, We Smile, They Smile

**Smile4Wessex - Charitable Support for the Wessex Neurological Centre**

Enhancing the range and quality of patient care and sponsoring pioneering research
